Here is Noah.

God told Noah that there was going to be a flood. The water would cover all the land. God told Noah to build a big, big boat called an ark.

Noah listened to God. Noah built the ark and took his family and two of each kind of animal inside before it rained. Then the rain began to fall.

The water covered the ground. Then the water covered the trees. Soon the water covered the mountaintops! But Noah and his family and the animals were safe inside the ark.

Noah waited until God told him it was safe for him and his family and the animals to come out of the ark.

Then Noah opened the door, and the animals ran free. Noah thanked God for keeping them all safe.

Then God sent a beautiful rainbow.

It rained for 40 days and 40 nights.

Then one day, the rain stopped. Everything was quiet. Slowly the water went down. God sent a warm breeze to dry up the land.
