

# Hush, Little Baby

by Aleksandra Szmidt

**Hush, little baby, don't say a word,  
Mama's gonna buy you a mockingbird.**

*All that we need, we know He will provide,  
so lie down to rest feeling His love inside.*

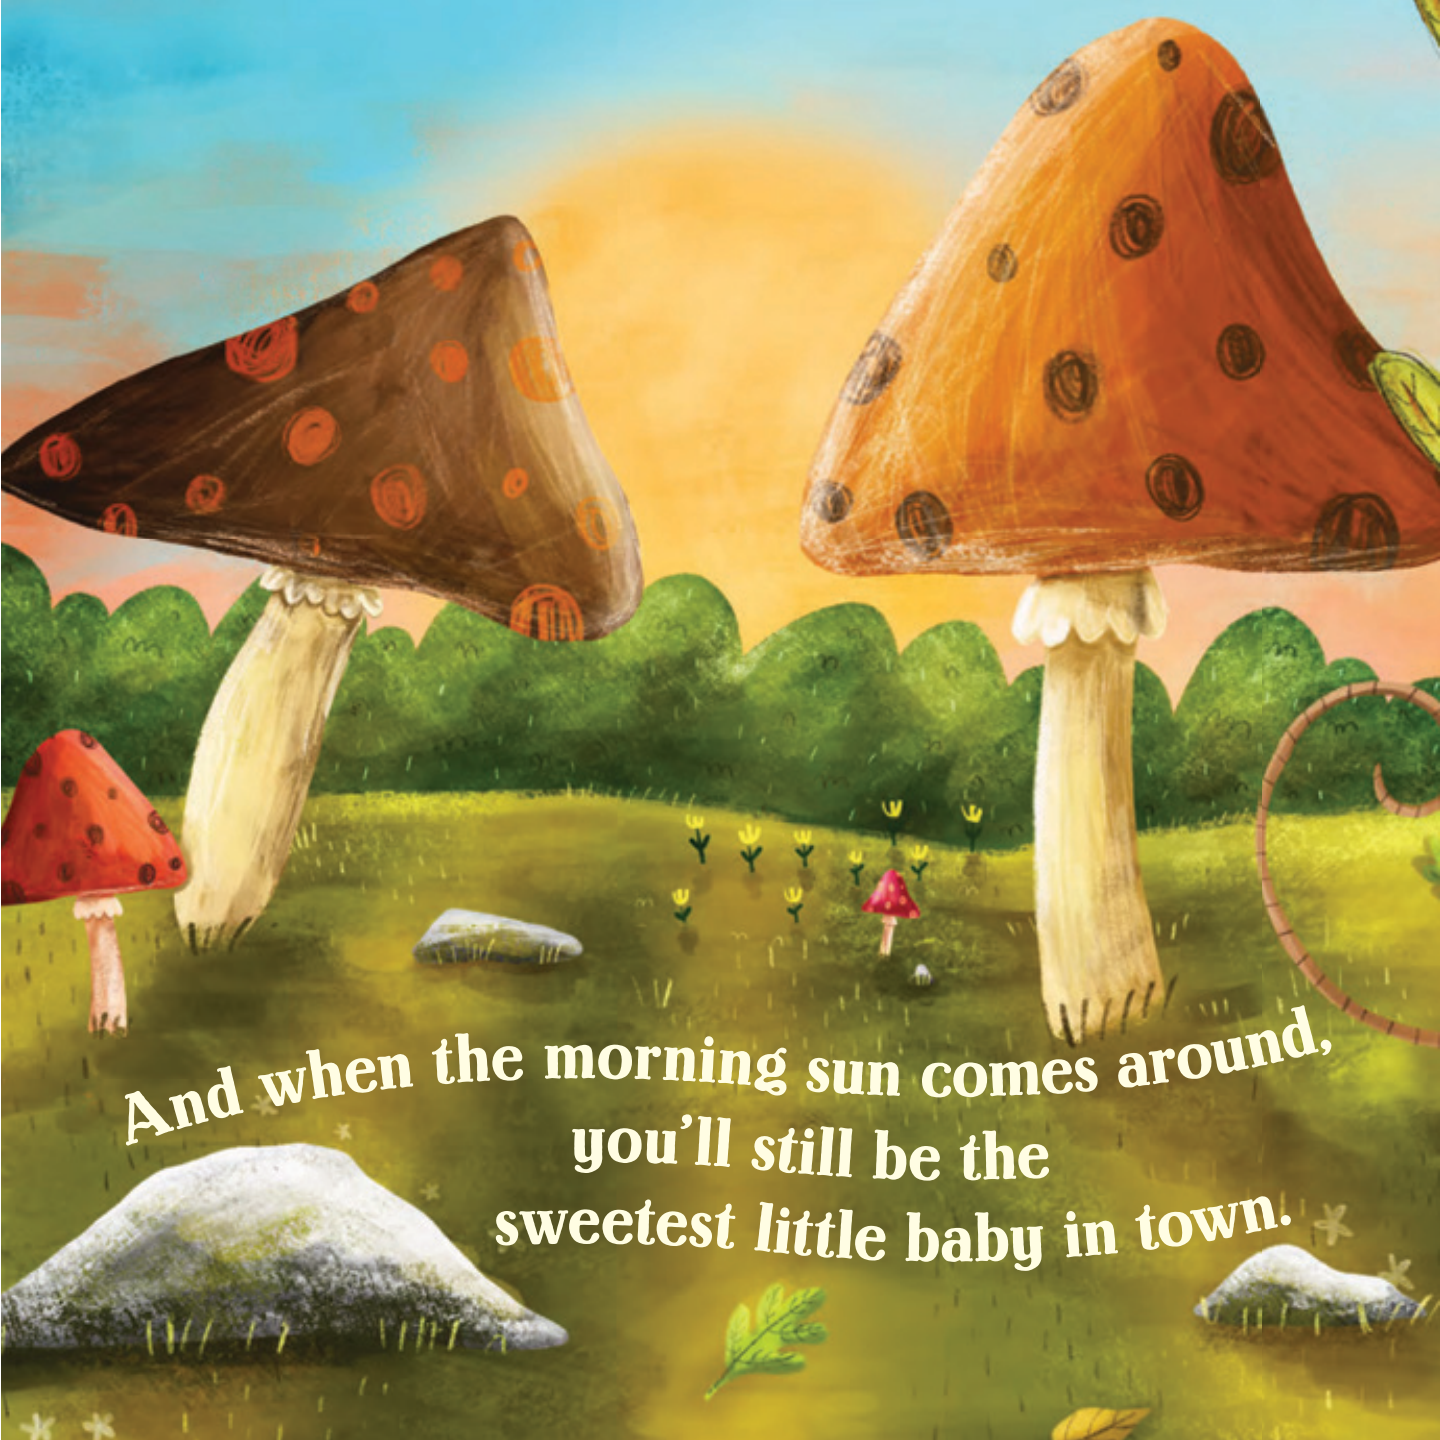

A vibrant night sky illustration. A large, glowing yellow moon with subtle surface details dominates the upper right. The sky is a deep purple and blue, filled with numerous small white stars and several larger, five-pointed white stars. In the bottom left and bottom right corners, there are green leafy branches. Small white rabbit-like shapes are scattered in the sky, and a small blue spiral is visible on the right side. The text is centered in the lower half of the image.

**Hush, little baby, I'll kiss you good night,  
tell you that I love you,  
and turn out the light.**

And when the morning sun comes around,  
you'll still be the  
sweetest little baby in town.
